

Indoor Grilles

Grilles with fixed linear bars for floor mounting

AG 450 - AG 470 series - Aluminium

Advantages

- Version suitable for designed floor assemblies.

APPLICATION

- Air supply and air exhaust for all ventilation and air-conditioning applications.
- Suitable for floor mounting.

DESCRIPTION

- Fixed horizontal linear bars with a 13 mm spacing.
- Special version for designed floor assemblies with reinforced use (model AG 470).
For this version, it is necessary to stipulate the floor height as the grille will be adapted in the factory up to this height (modification of dimension C).
CAUTION: the minimum value of dimension C is 35 mm.
- Finish – anodised aluminium, natural satin finish.
- Embedded into the floor.

ACCESSORIES

- Counter-rotating movement AGB damper, in aluminium. Fitted to the grille using clips (please, consult us).

ADDITIONAL RANGE

- All sizes of up to 1200 x 400 mm. Finished with paint in accordance with RAL colour chart (please, consult us).
- All aluminium version for swimming pool applications (please, consult us).

DIMENSIONS

AG 450 grille alone
